## A PROFILE

*The very name "DOGRA" is reminiscent of and stands for a race whose dominant and consistent attributes have been valour, patriotism, devotion and dedication. The hilly country, comprising the Middle Mountains and the Shivaliks, skirted by a stretch of north Indian plains, bounded in the east by the Satluj and in the west by Jhelum is the home of Dogras. World renowned, for their dauntless and daring deeds, Dogras have always been in the forefront to blunt the onslaught of aggressors and marauders since times immemorial. They have made supreme sacrifices for the sake of their country. It is these forward looking and valiant Dogras who, for the first time in its history, have stretched the frontiers of India beyond the Himalayas and carved out the erstwhile state of Jammu and Kashmir whose boundaries extended upto Tibet, China, Russia and Afghanistan. The credit for this singular achievement goes to Maharaja Gulab Singh. In this stupendous task, the Maharaja was assisted by General Zorawar Singh, General Bhoop Singh and a galaxy of other luminaries. Their chivalrous and gallant deeds against all odds of treacherous terrain and inhospitable climate instil in one and all a desire as well as a responsibility to serve their Motherland.*

*Dedicated to the memory of immortal sons of the Duggar land, who have been famous for their valour and patriotism. Dogra Educational Trust is committed to keep the beacon of light shining forever through the academic pursuits delivered by DOGRA COLLEGE OF EDUCATION, DOGRA LAW COLLEGE & DOGRA DEGREE COLLEGE.*

*Dogra Group of Colleges represent the educational endeavours initiated six decades back by an energetic and zealous son of Duggar Desh, Th. Gulchain Singh Charak, Chairman of the Trust. His esteem for Dogra culture, valour and devotion is manifested in the adoption of appellation 'Dogra' for all the educational institutions established so far. His preference for saffron colour is reminiscent of the great sacrifices made by valiant Dogras defining the borders of India beyond the Himalayas.*

An illustration in the top left corner shows four stylized business figures in suits running along a series of three large, black, 3D arrows that point towards the right. The figures are carrying briefcases and are positioned at different points along the arrows, suggesting a race or a progression. The background is a light, textured surface.
